

SEPTEMBER 28, 2022

The program is subject to change

TIME (GMT)	PLENARY ROOM	ROOM 1	ROOM 2 EAMA CORE CURRICULUM	ROOM 3	ROOM 4	ROOM 5	ROOM 6
14.00 15.30	JOINT SYMPOSIUM EDA-EuGMS 1. Implementation of delirium assessment at scale using a new digital system 2. The pathophysiology of delirium: can basic science point the way to new treatments 3. Delirium superimposed on dementia	BIOLOGY OF AGEING: FROM SENESCENCE TO CLINICAL APPLICATION OF SENOLYTICS AND REGENERATIVE MEDICINE 1. Senescence today 2. Clinical application of senolytics 3. Aspects of senescence in regenerative medicine	CHRONIC KIDNEY DISEASE IN GERIATRIC PATIENTS 1. Assessment of CKD in geriatric patients 2. CKD and Frailty, the role of geriatric medicine 3. End stage renal disease: To treat or not to treat?	EUROSAF SYMPOSIUM 1. Multidimensional approach to older patient with CV diseases 2. Anticoagulation in frail older people 3. The EUROSAF Study	SUBMITTED SYMPOSIUM DEPRESCRIBING DILEMMA'S IN PATIENTS AT RISK OF FALLS: A CLINICAL REVIEW SERIES' ON BEHALF OF THE EUGMS TASK AND FINISH GROUP ON FALL-RISK- INCREASING DRUGS 1. How to approach benzodiazepine deprescribing in older fallers? 2. Diuretics and SGLT2 inhibitors and falls in older heart failure patients: to prescribe or to deprescribe? 3. Cognitive enhancer and gait stabiliser, or falls-risk increaser?	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
15.45 17.15	ROUND TABLE AGS-EuGMS HOW TO IMPROVE THE EVALUATION OF NEW PHARMACOLOGICAL TREATMENTS IN OLDER SUBJECTS 1. Promoting the inclusion /participation of older subjects in clinical trials on new drugs 2. Roadmap to 2030 for Drug Evaluation in Older Adults 3. The EMA perspective 4. The FDA perspective Round Table Discussion	CARE HOME MEDICINE SYMPOSIUM USING SYSTEMATIC DATA APPROACHES TO DRIVE UP QUALITY OF MULTIDISCIPLINARY CARE IN LONG TERM CONDITIONS 1. The LPZ International Prevalence Measure as a Basis for Quality Assurance and Improvement in Care Homes 2. Electronic patient records and their role in Czech Care Homes 3. Developing Research Resources and a Minimum Data Set for UK Care Homes (The DACHA study)	EAMA WORKSHOP SENSORY DEFICITS: AIDS, TIPS & TRICKS	PALLIATIVE CARE SYMPOSIUM BEYOND MULTIDISCIPLINARY DECISION-MAKING IN END-OF-LIFE CARE 1. Moving beyond prognosis- What do we know from the evidence response? 2. Empowering teams to enhance ethical decision-making at the end of life 3. Creating a Shared Understanding at end of life	SUBMITTED SYMPOSIUM UPDATE ANOREXIA: WHERE DO STAND? 1. Anorexia – why does it matter? Causes and consequences 2. Screening and assessment of poor appetite 3. Innovative treatment approaches – the role of plant protein and dietary fibre	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
17.30 19.00	OPENING CEREMONY KEYNOTE LECTURE PROVIDING COMPREHENSIVE GERIATRIC ASSESSMENT COMPREHENSIVELY?						
19.00	WELCOME RECEPTION						

TIME (GMT)	PLENARY ROOM	ROOM 1	ROOM 2 EAMA CORE CURRICULUM	ROOM 3	ROOM 4	ROOM 5	ROOM 6
08.30 10.00	FALLS INNOVATION IN THE 21ST CENTURY 1. Cognition impairment and falls - the challenges 2. What type of exercise can reduce falls? 3. How to deprescribe for falls	BLACK DOGS AND CURIOUS INCIDENTS: A PRACTICAL APPROACH TO COMMON PRESENTATIONS OF MENTAL ILLNESS IN OLDER PEOPLE 1. Understanding the "black dog": is it normal for older people to feel sad in hospital? 2. Paranoia and Delusional Disorders in the older people 3. Anxiety and functional disorders in older people - diagnostic and therapeutic challenges	SYMPTOMS IN PSYCHOGERIATRICS: BEHAVIOR, HALLUCINATIONS & SLEEP. DIFFERENTIAL DIAGNOSIS AND APPROACH TO... 1. Behavioral disorders 2. Hallucinations 3. Sleep disorders	AGE & AGING 50° ANNIVERSARY 50 YEARS OF AGE AND AGEING - RETHINKING GERIATRIC JOURNALS 1. How publishing made care home medicine mainstream 2. The key but hidden art of peer reviewing 3. The role of social media in academic discourse	SUBMITTED SYMPOSIUMS HOSPITAL AT HOME MODELS ACROSS EUROPE 1. The Italian Admission Avoidance HaH Model of Turin: an almost 40-years-old experience 2. Geriatric Comprehensive Hospital at Home: adaptation to change across two years of COVID-19 pandemic 3. A multi-professional response for older adults experiencing acute decompensation of a frailty syndrome	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
10.00 10.30	BREAK						
10.30 12.00	SARCOPENIA AND FRAILTY – WHAT EVERY CLINICIAN NEEDS TO KNOW 1. Diagnosis and management of sarcopenia – where are we in 2022? 2. Exercise and dietary interventions for frailty – do they work? 3. RCTs for sarcopenia and frailty – forging or faltering ahead?	JOINT SYMPOSIUM IOF-ESCEO & EuGMS HOW TO MANAGE OLDER PATIENTS AT VERY HIGH RISK OF FRACTURE? 1. Definition of very high-risk patients 2. Bone forming agents in the older subjects: What, when and how? 3. Discussion	ROUNDTABLE EVIDENCE OF DEPRESCRIBING: NEWEST EVIDENCE TOWARDS OPTIMIZING DEPRESCRIBING WITH CLINICAL EXPERTS	TEAM WORK IN EU PROJECTS (WITH EuGMS PARTNERSHIP) 1. The I-CARE4OLD project - introduction, overview and preliminary findings 2. The AFFIRMO project - introduction, overview and preliminary findings 3. The PROMISS project - highlights, products and recommendations to prevent protein malnutrition in community-dwelling older persons in the EU	SUBMITTED SYMPOSIUM CARE TRANSITIONS IN OLDER PERSONS: LESSONS FROM THE EUROPEAN TRANS-SENIOR RESEARCH PROGRAMME 1. Avoiding non-beneficial care transitions 2. Interventions to improve transitional care 3. Involvement and implementation as core issues in transitional care	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
12.00 13.30		NESTLÉ LUNCH SESSION ROLE OF MEDICAL NUTRITION IN WELLBEING IN OLDER PEOPLE WITH LOSSES IN INTRINSIC CAPACITY Introduction 1. Nutritional facts and functional decline in older people: what we know, what we ignore 2. Measuring and monitoring intrinsic capacity: The implementation of ICOPE WHO programme into clinical practice 3. Do we need more EFFORT to improve nutritional status in the elderly patients 4. Ketogenic intervention and brain performance in mild cognitive impairment Discussion & Closing	THERMOFISHER LUNCH SESSION INFECTIONS IN THE ELDERLY - WHAT IS DIFFERENT? HOW CAN BIOMARKERS HELPS?	PFIZER LUNCH SESSION	FRESENIUS KABI LUNCH SESSION MOVING WELL INTO OLD AGE WITH GOOD NUTRITION 1. Musculoskeletal health and the aging process 2. Nutritional aspects addressing the challenge of the aging musculoskeletal system 3. Questions and Answers	MSD LUNCH SESSION VALUE OF PNEUMOCOCCAL DISEASE PREVENTION IN OLDER ADULTS 1. Age as a risk factor for pneumococcal disease 2. PNEUMO Study - interim results in EU 3. Ph3 safety and immunogenicity results of a new PCV in older adults 4. Improving vaccination coverage rates for pneumococcal in older adults Q&A	
13.30 14.15	KEYNOTE LECTURE VACCINATION AND HEALTHY AGING						
14.30 16.00	ACUTE FRAILTY SYMPOSIUM FRONT DOOR GERIATRICS 1. A, B, C, D, E, Frailty 2. Quality indicators in urgent care for older people 3. Screening in the ED - the Icelandic experience	OUTCOMES OF SCIENTIFIC ACTIVITIES FROM EUGMS SIGs 1. SIG on cardiovascular medicine: How to promote a geriatric approach for older patients with cardiovascular disease 2. SIG on diabetes: Primary Care Management of Older People with Type 2 Diabetes 3. SIG on nutrition: Core Outcome Set (COS) for nutrition intervention	CHRONIC PAIN IN GERIATRIC PATIENTS: OPTIMIZING TREATMENT 1. The influence of age in pain perception 2. Assessment of pain 3. Non-pharmacological management	JOINT SYMPOSIUM FFN-EuGMS SPREADING ORTHOGERIATRICS ACROSS EUROPE AND BEYOND - INTO THE HARDER TO REACH PLACES 1. The call for action; the 4 pillars of the FFN approach to promoting orthogeriatrics 2. Can the ICOPE multidomain assessment facilitate primary and secondary fragility fracture prevention 3. The FFN Interprofessional Education Project: Multidisciplinary Management of Older Patients with Fragility Fracture (MMOPFF)	SUBMITTED SYMPOSIUM DRUG-RELATED HOSPITAL ADMISSIONS IN OLDER PEOPLE: ARE THEY PREVENTABLE WITH AN IN-HOSPITAL MEDICATION REVIEW? RESULTS FROM THE OPERAM TRIAL 1. Performance and outcomes of the OPERAM trial (Optimizing Therapy to Prevent Avoidable Hospital Admissions in Multimorbid Older Adults) 2. Process evaluation of in-hospital medication review: applicability of STOPP/START-based recommendations and detectability of medication errors 3. Older Multi-morbid Patients' Experience of Hospital-Initiated Medication Changes	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
16.00 17.30		NESTLÉ SPONSORED SESSION NEW WAYS TO IMPROVE PAIN MANAGEMENT – PROGRESSIVE UNDERSTANDING AND TREATMENT OPTIONS IN OSTEOARTHRITIS 1. Osteoarthritis – more than just wear and tear: Insights into current understanding and standard treatments 2. The reality of NSAID use and an evidence-based perspective for patients Discussion & Closing	AVAILABLE TIMESLOT FOR SPONSORED SESSION	AVAILABLE TIMESLOT FOR SPONSORED SESSION	AVAILABLE TIMESLOT FOR SPONSORED SESSION	AVAILABLE TIMESLOT FOR SPONSORED SESSION	

TIME (GMT)	PLENARY ROOM	ROOM 1	ROOM 2 EAMA CORE CURRICULUM	ROOM 3	ROOM 4	ROOM 5	ROOM 6
08.30 10.00	OPPORTUNITIES, CHALLENGES AND INNOVATION FOR HEALTHY AGEING 1. Decade of Healthy Ageing and implementing care healthy ageing 2. ICOPE ready phase finding 3. ICOPE case study in EU countries (France, Spain, Andorra)	MANAGING PARKINSON'S IN THE 21ST CENTURY 1. Mobilising Parkinson's - A step in the right direction 2. A personalised approach to Parkinson's 3. Bringing Parkinson's care back home	WHAT IS THE EVIDENCE OF DIABETIC TREATMENTS IN GERIATRIC PATIENTS 1. Tailored treatment targets 2. Prevention of complications by non-pharmacological approach 3. New treatment options in geriatric patients	SURGICAL GERIATRICS SYMPOSIUM MDT WORKING FOR THE OLDER SURGICAL PATIENT 1. Perioperative medicine services for older people 2. Anaesthetist-Optimised perioperative care of older people. The anaesthetist's contribution 3. The importance of interdisciplinary co-management in the prevention of geriatric syndromes	SUBMITTED SYMPOSIUM WHAT DOES BIG DATA OFFER GERIATRIC MEDICINE IN EUROPE? 1. Harnessing Big data for epidemiological study of older people: Utilisation and safety of preventive therapies in older frail people 2. Harnessing Big data for trials in older people: Prevention of Acute admission Algorithm (PATINA) – a structured decision support system for community nurses 3. Harnessing Big data to inform policy for older people: Using data to inform policy in Geriatric Care in The Netherlands	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
10.00 10.30	BREAK						
10.30 12.00	GERO-TECHNOLOGY - GETTING READY FOR IMPLEMENTATION IN CLINICAL ROUTINE? 1. Clinical endorsement of digital biomarkers of mobility in geriatric populations 2. Potential of AI to support clinical decision making in geriatric patients 3. Wallace or Gromit - Soft robotics and mobility impairment	GLOBAL EUROPE INITIATIVE (GEI) SESSION ORTHOGERIATRICS: INTEREST FOR THE PATIENT UNDERGOING HIP REPLACEMENT. PRACTICES FROM EUROPEAN COUNTRIES 1. Urgent hip replacement: what we do after 2. Perioperative care of older adults undergoing programmed hip replacement in Hungary - a geriatric point of view 3. Prognostic Factors and Ethical Dilemmas Regarding Fragility Fractures in Older People in Romania	EAMA WORKSHOP DIAGNOSTIC APPROACH TO DIZZINESS	MANAGING THE WHOLE TRAJECTORY OF DEMENTIA: AN INTERDISCIPLINARY APPROACH 1. An integrated approach to management of early cognitive decline/dementia 2. An inter-disciplinary approach to maintaining function with dementia 3. An integrated approach to palliative care with dementia	SUBMITTED SYMPOSIUM HOSPITAL-ASSOCIATED DECONDITIONING 1. Acute sarcopenia 2. Brain and mind deconditioning 3. New care models: Implementation of a the Frailty Care Bundle (FCB) in orthopaedic trauma and rehabilitation wards during a pandemic	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
12.00 13.30		NESTLÉ SPONSORED SESSION SUPPORTING SUCCESSFUL AGING WITH PROACTIVE NUTRITION: A LOOK AT MUSCLE, BONE & JOINT HEALTH Introduction 1. Robust older adults: insights and actions for healthy aging 2. Optimizing protein intake to support musculoskeletal health and physical function in older adults Discussion & Closing	SANOFI PASTEUR SPONSORED SESSION	ONTEX LUNCH SESSION AN UPDATE ON INCONTINENCE CARE BY EuGMS URINARY INCONTINENCE SPECIAL INTEREST GROUP 1. An Update on the role of Pharmacotherapy in the Management of Incontinence in Older Persons 2. Management of urinary incontinence in people with cognitive impairment and dementia - educational material prepared by EUGMS Urinary Incontinence Special Interest Group 3. Internet of things in the management of incontinence in institutional settings: improvement in quality of care	MILK FORUM LUNCH SESSION		
13.30 14.15	KEYNOTE LECTURE WORLD GUIDELINES ON FALLS						
14.30 16.00	OSTEOPOROSIS SYMPOSIUM OSTEOPOROSIS AND FRACTURE RISK IN OLDER PEOPLE 1. The importance of vertebral fractures in older people: identification and assessment 2. Pharmacological approaches to treating osteoporosis in the "oldest old" 3. What's the right sort of physical activity for older people with osteoporosis?	ECGI SESSION	SYNCOPE & TRANSIENT LOSS OF CONSCIOUSNESS 1. Medical history taking as a cornerstone 2. Tilt table and other diagnostics tools 3. Treatment options in syncope	JOINT SYMPOSIUM SIOG-EuGMS HOW A MULTIDISCIPLINARY TEAM APPROACH HELPS OLDER PEOPLE WITH CANCER 1. Prehabilitation in geriatric oncology 2. Lifestyle interventions before and during cancer treatment 3. A day in the life of a geriatric oncology Advanced Nurse Practitioner Q&A	SUBMITTED SYMPOSIUM TEACHING NURSING HOME MEDICINE TO MEDICAL STUDENTS, AN URGENT PRIORITY AFTER COVID-19 1. Innovative teaching instruments to meet next decade's learning goals of medical curricula 2. Demystifying aged care for medical students 3. Learning-by-Living Immersion: Living the Life of an Elder Nursing Home Resident	ORAL COMMUNICATIONS	ORAL COMMUNICATIONS
16.15 17.00	EAMA HIGHLIGHTS						
17.00	CLOSING CEREMONY
